

BIGBANG concert tee: print spec

Black T-shirt · 2 print locations · 5 October 2026

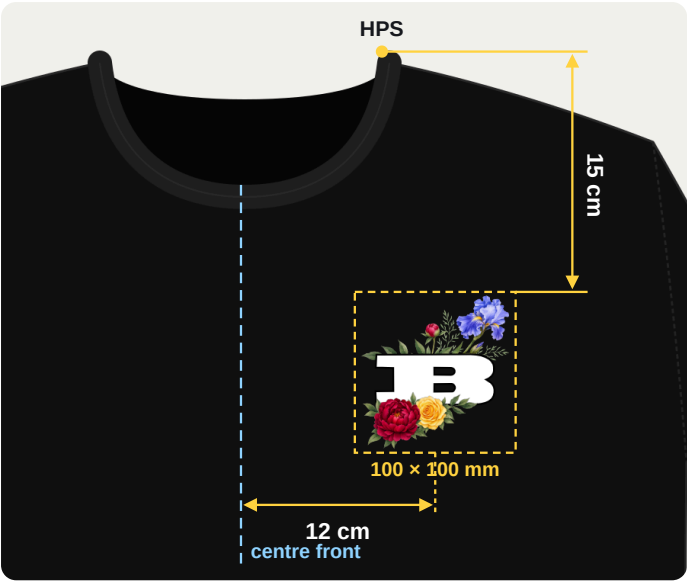

Print locations

LOCATION	ARTWORK	PRINT SIZE	PLACEMENT
Front left chest		100 × 100 mm file artwork 92 × 95 mm	On the wearer's left chest. Top of the file 15 cm below the high point of the shoulder (HPS). Centre of the file 12 cm from the centre front.
Back		277.5 × 317.4 mm file artwork 274 × 317 mm BIGBANG lettering 270 mm wide	Centred left to right. Top of the file (top of the BIGBANG lettering) 11 cm below the back neck seam.

Garment and method

Garment	Black short-sleeve crew-neck T-shirt
Method	DTF (direct-to-film) recommended; DTG also works. Full colour with a white underbase. Screen printing isn't a good fit: the front flowers are photographic, and the back characters use many colours.
Colours	Front: white B with full-colour flowers. Back: white lettering and bars, full-colour characters.
Sizes	Same print size on every garment size. Placements are measured on the sample in the mockup.

Placement

Front, left chest. Top of the file 15 cm below the HPS. Centre 12 cm from the centre front.

Back. Centred. Top of the file 11 cm below the back neck seam.

Files

FILE	WHAT IT IS
FRONT_left-chest_100x100mm.pdf	Front print file at actual size. Vector, with the flowers embedded at 300 ppi
FRONT_left-chest_100x100mm_300dpi.png	The same, as a transparent PNG (1182 × 1182 px)
BACK_277.5x317.4mm.pdf	Back print file at actual size. All vector
BACK_277.5x317.4mm_300dpi.png	The same, as a transparent PNG (3278 × 3749 px)
BIGBANG_tee_mockup.png	Mockup showing both prints on the tee

Notes

1. **Print the artwork only.** The files have transparent backgrounds, so there is no background box to print. The black shirt shows through around and inside the artwork.
2. All text is converted to outlines. No fonts are needed.
3. The files are RGB. Please match the on-screen colours as closely as you can, and send a photo of a test print before the full run.
4. The front flowers have soft, feathered edges. Please use your usual method for soft edges.
5. The outlines on the back characters are about 0.5 mm; the finest whisker tips are about 0.35 mm. Please confirm these will hold.
6. The black outlines on the characters, and around the front B, print as black.
7. The BIGBANG lettering touches the top edge of the back file. It's complete, not cropped.
